Experts in Heavy Transports

## HANDLING FACILITIES IN THE PORT OF HALDENSLEBEN

Due to the continuing low water phases on the Elbe, we would like to offer you an alternative so that your project can continue to be carried out professionally and on time.

With our own Liebherr LR1750 crawler crane, which is stationed in the port of Haldensleben, we can offer you flexible and resilient handling options on the Mittelland Canal. With its payload of 295 t, it is able to handle and handle your heavy goods without any problems.

We look forward to your inquiry and will be happy to make you a suitable offer for your project.

HEAVY GOODS UP TO 295 t

WATER LEVEL INDEPENDENT

DIRECT HIGHWAY CONNECTION

LINE OPERATION BY INLAND  
WATERWAY TO PORTS OF HAMBURG  
AND BREMERHAVEN
